	<p>SR-BQ336 – 6 Laguiole with constellation</p> <p>This Laguiole knife sports a steel incrustation in the shape of a constellation said to be a guide for shepherds in the northern hemisphere. Two steel bolsters. Double plate on each side of the back spring for weight and sturdiness.</p>
	<p>SR-BQ334 - 6 Catala steak knives</p> <p>Inspired by the fearsome yatagan knife from the Catalogne region in Southwest France. This unique knife has a shape that manages to be both masculine and feminine. It sports a thin blade notched both on top (for decoration) and on the guard of the cutting edge (for safety). The handle fits the hand perfectly. It was invented before the word ergonomic was around. The emblem on the spring is the coat of arms of the region.</p>
